

## Scientific and Technical Information Center

## SEARCH REQUEST FORM

Requester's Full Name: MARK SHIBUYA Examiner #: 74453 Date: 5/16/07  
 Art Unit: 1639 Phone Number: 2-0806 Serial Number: 10  
 Location (Bldg/Room#): 3 Rem (Mailbox #): Rem Results Format Preferred (circle): PAPER DISK  
 \*\*\*\*\*  
2A29 2C18

To ensure an efficient and quality search, please attach a copy of the cover sheet, claims, and abstract or fill out the following: M/E

Title of Invention: Multimeric APOA-1 Agonist Compounds

Inventors (please provide full names): Please see attached b.b sheet

Earliest Priority Date: Sept. 29, 1997

## Search Topic:

Please provide a detailed statement of the search topic, and describe as specifically as possible the subject matter to be searched. Include the elected species or structures, keywords, synonyms, acronyms, and registry numbers, and combine with the concept or utility of the invention. Define any terms that may have a special meaning. Give examples or relevant citations, authors, etc., if known.

\*For Sequence Searches Only\* Please include all pertinent information (parent, child, divisional, or issued patent numbers) along with the appropriate serial number.

Please search claims 94-101 and 110, in regard to the sequences involved (i.e. peptides). Please ignore claim limitations directed to pharmaceuticals, carriers, excipients, lipid complexes; & their ilk.  
 Thank you.

Mark Shibuya  
 exmr/rec.

P.S. Please do not search claims ~~99~~ 103 & 104.
